EMERALD AI x ASTON MARTIN F1 BRIEF

29 October 2026

Key account: Emerald AI (emeraldai.co)

Point of contact: Jack Megrue, Chief of Staff & Business Operations

Industry: Software that makes AI data centres flexible, grid-responsive power loads.

Target customers: CEOs and CTOs at hyperscalers, neoclouds, data-centre developers and operators, and utilities.

Key markets: UK, Japan and USA are the priority now. Longer term: Singapore and Korea (high), Saudi Arabia and UAE (medium-high), Germany and France (low).

F1 objective: Executive access: repeated face-to-face time with CEOs and CTOs at partners and prospects (e.g. CoreWeave, Aramco, Cohere, Cognizant, ServiceNow) to build pipeline and signed MOUs. Brand exposure is secondary.

Budget: TBD on options. Head of Product and CFO sign off, then CEO and board, likely at the Q4 2026 or Q1 2027 board meeting.
